MEMORANDUM FOR: Chief, Information and Privacy Staff, DDA

FROM :
Chief, Information Services Group
Services Staff, DDO

THROUGH : Chief, Services Staff

SUBJECT : Draft Guidelines for Declassification Review of
1946-1950 Records

REFERENCE : IPS/DDA Memorandum, 28 July 1946, Subject as above

1. We approve of the draft guidelines for declassification review of 1946-1950 records, subject to the below-listed comments and the proviso that DDO records be reviewed for declassification by personnel designated by the DDO.

2. On page 7, with respect to subparagraph g., we feel that prior to the release of estimative material published prior to the formation of the Office of National Estimates, coordination with the Department of State should be effected, as appropriate, to allow that Department an opportunity to assess the possible foreign policy impact of such release.

3. We note that the problem of dealing with multiple copies is not addressed in the draft guidelines. While we believe that this omission should not hamper approval of the draft guidelines, we do believe that procedures for dealing with this problem should be developed in the immediate future.
